

PRIME MINISTER

INTERVIEW WITH DOUGLAS KEAY FOR WOMAN'S OWN

Douglas Keay is to interview you at 4pm on Wednesday for "Woman's Own".

His area of questions will be:

1. How you feel about your record third term as Prime Minister
2. Education - parent's choice of schools and the Government's plans to improve the education system.
3. Standards of morality, whether they are declining and what can be done about them
4. How you see the employment situation in the future
5. Your future and your home life. Will you want to spend more time with DT in the future?

The interview will not appear for about four weeks so Douglas Keay does not propose to talk to you about your inner city visits as he feels they will have been well aired in the press by that time.

Douglas Keay's interview style is to let you speak through conversation with him asking you to expand upon particular topics.

Woman's Own have asked for a five minute photographic session before the interview. This would probably be best done in the White Room as they will need some time setting up their lights. The interview could then take place in the Study.

Content to be photographed in the White Room?

Content for the interview to be in the Study?

DOUGLAS KEAY INTERVIEW - "WOMAN'S OWN"

Douglas Keay phoned this morning and indicated that his area of questioning will be:

1. How she feels about record third term
2. Education - parent's choice in schools
3. Standards of morality, whether declining and what can be done about them .... leading on to the subject of jobs;
3. PM's future and home life as she reaches a certain age, wanting to spend more time with her husband?

Douglas Keay said his style is to let the PM speak and through conversation invite her to expand to things she says.

As interview will not appear for some 4 weeks, he doubts whether inner cities will be quite as topical and feels the PM is speaking almost daily to the press about this and she would perhaps prefer the other long-term subject - schools.

MIKE HARDY, Picture Editor of "Woman's Own" will get in touch. Douglas Keay was anxious that the photo facility should not eat up his time with the PM! I told him it was usual for a photographer to come in before interview began and then leave - no more than 5 minutes or so.
